WHEREAS; comments have been solicited from all officers and department heads in the Town of Inlet who are involved in the procurement process;

NOW THEREFORE BE IT;

RESOLVED, that the Town of Inlet does hereby adopt the following guidelines which are intended to apply to all goods and services which are not required by law to be competitively bid.

Guideline 1. Each purchase to be made by the Town of Inlet, or any department thereof, must be initially reviewed to determine whether it is a purchase contract or a public works contract, and a good faith effort made to determine whether or not the proposed purchase is subject to competitive bidding pursuant to Section 102 of the General Municipal law. A determination that a purchase is not subject to competitive bidding shall be documented in writing by the individual or board responsible for making the purchase. Such documentation may include written quotes, written notes relating to verbal quotes, written notes relating to verbal quotes solicited, a memo from the purchaser indicating how the decision was arrived at, a copy of the contract indicating the source which makes the item or service exempt, a memo from the purchaser detailing the circumstances which led to an emergency purchase, or other appropriate written documentation.

Guideline 2. All goods and services not subject to competitive bidding will be secured by uses of written requests for proposals, written quotations, verbal quotations, or any other method which assures the quality goods will be purchased at the lowest responsible price and that favoritism will be avoided, except purchases or contracts pursuant to Subdivision 6 of this policy.

Guideline 3. The following methods will be used when required by this policy;

- | | |
|-------------------------------|---|
| (A) Purchase contracts: | |

- (C) A good faith effort shall be made to obtain more than one quotation or proposal. If the purchaser is unable to obtain more than one proposal or quotation, the purchaser will document the attempt made at obtaining proposals or quotations. Guideline 5 Written documentation is required and a written explanation is required whenever a contract is awarded to other than the offer with the lowest price. This documentation will include an explanation of how the purchase will achieve savings or how the offer was not responsible. A determination that the offer is not responsible shall be made by the purchaser and may not be challenged under any circumstances.
