**Officials present** were Supervisor Frey, Councilman Levi, Councilman Brownsell, Councilman Schmid, Councilman Townsend and Yvonne Lutz, Town Clerk

**MINUTES**

Reviewed. No changes or additions.

**PUBLIC COMMENT**

Bruce O'Hara spoke. He reported that a friend went to the transfer station at 5:40 pm and it was closed. Shawn Hansen apologized and stated he would look into it.

Janet Van Staaldunin complained at the sight of the shower building near EZ Mart and felt that it was a hazard. Supervisor Frey explained that we were aware and Codes Officer Aimee VanWie was issuing notice that something needed to be done.

**PHONE SYSTEM**

Dennis Hudson gave an update regarding the new phone system that is being rolled out currently and the next few weeks. This system will save a lot of money on our monthly phone bill. It will also allow people to reach employees through their cell phones while away from their desk.

**COMMUNICATION TOWER**

The location on Mr. Funk's property will not work for Hamilton County's Microwave without a 200' plus tower. Still looking at Corasanti location. There was discussion regarding what options we might have for locations and use of fiber to assist with communications.

Supervisor Frey presented that the County is looking to hire a grant writer to potentially obtain a grant from Northern Border Regional Commission. We would share the costs of the grant application writing with the other towns in the County and our portion would be \$5,000. Councilman Levi asked why we are unable to use CAP21 for this purpose. Robin Hill mentioned that they have never done a partnership such as this.

Councilman Levi made a **MOTION** to contribute an amount not to exceed \$5,000 toward the costs of a grant writer to apply for a grant for our communication needs. Councilman Schmid **SECONDED**.

**ADOPTED 5 AYES  
0 NAYS**

Councilman Schmid added that he felt it was important that we show good faith with the County by doing this.

**ENERGY RATES**

Bill Scanlon from Constellation, our current energy supplier, spoke that the market rates were very stable except January and July. He recommended that we fix at a rate of \$.04169. This rate would be good from May 8, 2018 until April 16, 2019. This would protect us of any large increase in energy costs and makes it easier to budget.

Councilman Brownsell made a **MOTION** to lock this rate at .04169 for the period of 5/8/18 to 4/16/19. Councilman Townsend **SECONDED**.

**ADOPTED 5 AYES  
0 NAYS**

**CAP 21 – LWRP GRANT**

Supervisor Frey expressed how important he felt it was that we get an extension on the LWRP grant and that CAP 21 ask for an extension. With the inclement weather and only receiving one bid, which had to be rejected, we were unable to start the project in a timely manner. He is asking until end of May, 2019.

Robin Hill reported that they closed out the Main Street grant with Indian Lake. She recommended that it was better to focus on one application with one town instead of doing multiple towns.

**FERN PARK MASTER PLAN**

Would like to see new sign for Fern Park

**INFORMATION OFFICE**

**HIGHWAY DEPARTMENT**

Highway Superintendent, Shawn Hansen reported that his employees did a great job while he was on vacation and thanked them.

The New Mack is at Utica Mack for a software update.

All Town/County Road have been posted with a 6 ton weight limit. Propane trucks need a hardship permit to go on the road with the tonnage limit.

Snow signs and snow fence down.

Have the DOT permit for the radar sign for cedar creek. Just waiting on the frost in the ground for the post.

Started to break down the trucks from the winter.

Shawn reported that it really does help to call 1-800-pothole for potholes in the road or the parts in the road damaged by the snowmobiles. The DOT is likely to listen to the public before the Highway Department.

Janet Vanstaaldulen asked who would have the responsibility to put the ground that has been lifted by the plow back. Superintendent Hansen said he would be happy to fix anything they have done.

**TRANSFER/RECYCLE**

Still on winter hours. After April 30, will be open 7 days.

The bailer had cracks and was repaired

There was something wrong with the skid steer and Tina was caught in it because the arms were stopped in the way of the door.

**CLEAN WATER**

Supervisor Frey reported that there was a resident in the sewer district that WAS a vacant lot that is now looking to be connected to the sewer system. Councilman Townsend left the room in the chance that he is asked to bid on the work in his personal business in town. Supervisor Frey feels that the Town should pay the expense to pay for the resident to connect because the engineer missed the idea that T's should have been put in for the addition of people with vacant lots when the sewer district was being built. He stated from the valve back would be the property owners responsibility. The cost to add this resident to the system is approximately \$2,000. It was also noted that these residents with vacant lots have been paying approximately \$200/year already and that this should have been done from day one for these users. If a person is not in the district, they would have to pay themselves to be added to the system. This is for only current residents part of the district. Councilman Levi asked if the budget can handle this expense. Supervisor Frey added that the cost of the EDU was

being increased at this point whether we did this or not. Councilman Levi made a **MOTION** to pay the cost of the saddle connection for the vacant land residents within the sewer district and Councilman Brownsell **SECONDED** the motion.

**ADOPTED 4 AYES**  
**0 NAYS (Councilman Townsend was absent)**

#### **TOWN CLERK**

Town Clerk asked for permission to sign up with a reservation company called Lodgify for the cottage rentals. The Board felt that there was a benefit for accountability and marketing. Total Town Clerk revenue was \$7050.00 - \$7020 from cottage down payment and \$30.00 from pavers.

Town Clerk will be at the annual NYS Town Clerk Conference from April 23<sup>rd</sup> to April 25<sup>th</sup>.

#### **SUPERVISOR REPORT**

Still working on the land swap. APA asking for a JIF form which Aimee VanWie will work on.
